Invitation Letter for the 2019 International Conference on the Cooperation and Integration of Industry, Education, Research, and Application

National Technical University "Kharkiv Polytechnic Institute":

To further implement the outcomes that the Minister of Education of China has achieved during his visit to Ukraine in 2017, and to form a new framework for the international cooperation of the Integration of Industry, Universities and Research Institutes by pushing forward the collaboration in the field of advanced technologies, National Center for Schooling Development Programme (CSDP) successfully held 2018 International Conference on the Cooperation and Integration of Industry, Education, Research, and Application. In order to deepen the achievements from the conference, CSDP, Education Department of Heilongjiang, Harbin Institute of Technology will hold the 2019 International Conference on the Cooperation and Integration of Industry, Education, Research, and Application on June 14th to 16th, 2019. The conference mainly focuses on four academic areas: artificial intelligence and big data, and new materials. Representatives from universities and colleges, enterprises, and research institutes will have the opportunities to communicate and discuss possible cooperation. We feel honored to invite you to attend our conference and share your insightful opinions.
