

The Carinthian University of Applied Sciences is offering a new TECH Scholarship for Master Students from Europe, South America & Mexico.

In order to inspire new and talented students from Europe, South America & Mexico to pursue a master's degree in Austria, the Carinthian University of Applied Sciences (CUAS) | FH Kärnten (in collaboration with companies and associations) is offering four scholarships of 8,400 euros each.

The scholarship includes:

- **1st and 2nd semester:** Monthly scholarship of EUR 700.00
- **3rd and 4th semester:** Part-time employment (maximum 20 hours per week) in one of the partner companies or the research department of CUAS (depending on availability)
- German language course free of charge (German for Beginners, Language Immersion Course) at Carinthia University of Applied Sciences in order to enhance chances for a successful career entry.

Requirements/Criteria:

- Applicants must neither reside in Austria nor hold Austrian nationality as per the call for applications.
- Completion of a Bachelor's degree in one of the selected countries (* see list below)
- Admission to a technical Master program (** see Master programs according to the list) at Carinthia University of Applied Sciences.
- Full payment of the tuition fee and fee for the Austrian Student Union. (possible at the earliest in January 2025)
- Demonstrated excellence in Bachelor's degree results, research activities, and/or social engagement.

Modalities & Application

Eligible applications will be reviewed and suitable candidates who fulfill the above listed criteria will receive an Email with a link in order to apply for the TECH scholarship.

The deadline for the application for the scholarship is: 30th May 2025
